*Attributes its 580% Revenue Growth to commitment to be cost effective without compromising Quality.*

**Plano, Texas, October 20<sup>th</sup>, 2009** — MobileComm Professionals, Inc. today announced that it ranked number 231 on Technology Fast 500™, Deloitte LLP's ranking of 500 of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. Rankings are based on percentage of fiscal year revenue growth during the five year period from 2004–2008. MobileComm Professionals, Inc. grew 580% during this period.

MobileComm Professionals, Inc. CEO, Harvinder Cheema, credits their focus on quality, zeal to exceed client satisfaction and being cost sensitive motto's being main contributors to the company's 580% revenue growth over the past five years. He said, "This continuous growth is attributed to our quality centric approach and still being cost effective; our reputation in the market is helping us add new clients and growing business with our existing clients. All this could not have been achieved without the quality, integrity and commitment of all team members involved throughout the entire company."

"Technology Fast 500™ recognizes innovative companies that have broken down barriers to success and defied the odds with their remarkable five-year revenue growth," said Phil Asmundson, Vice Chairman and U.S. Technology, Media and Telecommunications leader, Deloitte LLP. "We congratulate MobileComm Professionals, Inc. on this accomplishment."

"With its impressive five-year growth, MobileComm has earned its position among the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America," said Mark Jensen, Managing Partner, Technology and Venture Capital Services, Deloitte & Touche LLP. "Deloitte is proud to honor MobileComm Professionals, Inc. for its achievement."

### **Technology Fast 500™ Selection and Qualifying Criteria**

Technology Fast 500™ provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. This ranking is compiled from nominations submitted directly to the Technology Fast 500™ website, and public company database research conducted by Deloitte. Technology Fast 500™ award winners for 2009 are selected based on percentage fiscal year revenue growth during the five year period from 2004 to 2008.

In order to be eligible for Technology Fast 500™ recognition, companies must own proprietary intellectual property or proprietary technology that contributes to a significant portion of the company's operating revenues. Using other companies' technology or intellectual property in a unique way does not satisfy this requirement. Consulting companies, professional service firms, etc. are not eligible unless they have proprietary technology that contributes to a significant portion of their operating revenues.

Technology Fast 500™ award eligibility requirements also include base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. These revenues must have more than doubled between 2004 and 2008. Additionally, companies must be in business for a minimum of five years, and be headquartered within North America.
